- English
- Hindi

PROFILE

As a pursuing in graduation with a degree in computer science, I am passionate about using technology to solve complex problems and make a positive impact on the world. With experience in software development and data analysis, I have developed a strong foundation in programming languages such as Python. I am also learning machine learning and data visualization tools. I think good for creative problem solver and team player.

PROJECTS

PYTHON PROJECTS

STONE PAPER SCISSOR GAME

- An interactive command-line game that simulates the classic Stone, Paper, Scissors game.
- Strengthened understanding of control flow structures such as loops and conditionals.
- Improved skills in handling user inputs and generating random choices.
